KILLED BY TRAIN IN BALTIMORE

William Esser Was Employed as Foreman at Shipyard Here

BODY BADLY MANGLED

Deceased is Survived by His Wife and Three Children—Body Taken to Morgue.

William Esser, thirty-nine years old, who was employed as foreman at the plant of the Virginia Shipbuilding Corporation, this city, was struck and instantly killed yesterday in Baltimore by a Baltimore and Ohio train at the Stockholm crossing of the Camden yards.

It is said that he was walking under what is known as the Ostend bridge when he was hit by the Washington-New York express.. Both legs were severed and the body was badly mutilated.

The body was taken to the Baltimore morgue pending an investigation by Coroner Otto M. Reinhardt.

Mr. Esser is survived by his wife and three children.

Previous to the war he was engaged in the saloon business in South Baltimore and when the war broke out decided to engage in war work. Esser had many friends among the employees of the plant of the Virginia Shipbuilding Corporation who will regret to hear of his untimely death.

SAVED FROM JAIL

Payment of Fine for Man Held Under dry Law Releases Him

Winchester, Va., April 11.—After being held in jail since February 12 without trial, charged by the prohibition inspectors while violating the liquor laws, H. B. Miller, of Washington, was released Wednesday night upon the payment for him of the minimum fine of $50 by a number of men and women who had become interested in his case. He left on a night train for Washington, where his wife and three children are reported to be in need. Miller was arrested by Inspectors Sweet and Sullivan, who are in the Frederick jail awaiting trial for shooting and killing Raymond Shackelford and Lawrence Hudson at Fishers Hill on March 26.

Miller testified that while spending the night of February 12 at a local hotel he was approached by Sweet and Sullivan, who asked for a little liquor, saying they wanted it for several girls of their acquaintance who had planned to hold a party. Miller said he had three half pints with him for his own use and wanted to keep the liquor, but when Sweet became insistent he was persuaded to sell half a pint for what he paid for it. Sweet accepted the liquor and started to hand Miller the money, but before the latter took it Sweet and Sullivan disclosed their identity and placed him under arrest.

IN MEMORIAM

In loving memory of my dear brother, WILLIAM BRADLEY, who departed this life twenty months ago today, April 11, 1918.

Twenty months has passed, my heart still sore,
As time goes on I miss him more,
His loving smile and tender face;
No one can fill his vacant place.
The loss was bitter, the pain severe,
To part with one I loved so dear;
The trial was hard, I'll not complain,
But trust in God to meet again.
Friends may think the wound is healed
But they little know the sorrow
That lies within our hearts concealed.

By his devoted brother,
Joseph Bradley.

INSANITY BLAMED ON DOPE

Patent Medicine Said to be Used for Intoxicant at Danville.

Danville, Va., April 11.—The startling increase in number of persons adjudged insane here during the past few weeks is caused, it is said, by the overindulgence in a patent medicine used as an intoxicant. Thirteen men and women were adjudged lunatics here in March and seven thus far this month.

Last Monday a husband and wife found to be insane, left together for the State asylum, and yesterday morning a brother and sister, adjudged lunatics, left for the same institution. Both had lived in Danville for years The "Pawpaw jag" became popular soon after the price of bootleg liquor soared beyond the reach of the average man. Lemon extract is frequently used because it contains a high percentage of alcohol.

SOCIALISTS START STRIKE

Bakers, Printers, Gas Workers Walk Out in Rome

Rome, April 11.—A general strike, called by the Socialists became effective yesterday. Tramways, gas and electric systems, bakers and printers were affected.

The strike, intended as a protest against the government's refusal to permit a meeting commemorating Berlin's "red week," was to continue for twenty-four hours.

FRANCE'S CLAIMS ARE REDUCED

Conform to President Wilson's Fourteen Points, It Is Said

ASK NO ANNEXATIONS

"Big Four" Set New Pace to its Deliberations—May Have Peace by Easter.

Paris, April 11.—President Wilson personally announced at 2 o'clock this morning that the Monroe doctrine has been specifically exempted from any interference by the league of nations. This announcement followed a session of the league of nations commission which started early last evening and lasted until well after 1 o'clock this morning, The committee's action represents one of the greatest victories won by the Americans to date.

The President personally moved for the adoption of the exemption as a specific article in the league of nations' covenant. A general debate followed, and the President's move was finally unanimously agreed to.

The League of nations also selected Geneva, Switzerland, as the first home of the league.

Paris, April 11.—France's claims have been reduced to a rock bottom minimum, conforming strictly with President Wilson's fourteen points, it was stated on the best authority last night.

So far as definite principles are concerned, Premier Clemenceau and the other French delegates can only "stick to their guns and wait" persons close to the French officials said.

They are not asking annexation of an inch of ground, it was pointed out, but are merely demanding reparation for war damages and sufficient indemnification for costs of the war to prevent national ruin.

The "big four" setting a new pace in its deliberations, has reached a stage where it was reliably forecasted last night that the predictions of an "Easter peace" will not fall many days short of the mark.

If the present progress continues it was said, the George Washington probably will be held in Brest and will return to the United States early in May with President Wilson aboard.

The latest development in the "big four" sessions is that the Italians are now ready to accept internationalization of Flume.

The peace terms covering the Saar Valley have been completed, with the exception of their formal drafting. It is understood that France will get the use of the Saar coal mines and control of labor in the mines as part of her reparation.

This is regarded as a fair return for Germany's destruction of French coal mines in the Lens region. Germany will retain political control of the Saar basin, and a plebiscite will be held later to determine permanent disposition of that territory.

SCHOOL PLAYERS GIVE COMEDY

"Importance of Being Earnest" Presented by Alexandria High School

WILL REPEAT TONIGHT

Participants Put on Credible Performance Before Large and Appreciative Audience in School Auditorium

"The Importance of Being Earnest" staged last night before a large and appreciative audience by the High School Players, was itself anything but earnest, it being a first class comedy, brim full of laughs. The most hardened grouch could not restrain a laugh at the popular idea of a perfect butler, portrayed by Magnus Bales and Milton Stonnell. The part of Algernon Moncrieff, a typical comic section young Englishman was interpreted in excellent fashion by Herbert Knight and furnished much amusement.

Miss Hilda Noonan as Hon. Gwendoline Fairfax and Purvis Downham as John Worthing, J. P., a pair of romantic young folks whose path of true love ran far from smoothly, were most natural and gave promise of be coming a future Marlowe and Sothern.

Miss Nancy Wattles was an ideal picture of an unspoiled country lass in her perfect acting of Cicily Cardew, John Worthing's ward.

The part of Lady Bracknell, haughty mother of Gwendoline and a worldly and ambitious society matron was splendidly enacted by Miss Mildred Lloyd.

Fred West made a very creditable rector as the Rev. Canon Chasuble and Miss Prism, Cecily's governess was made to live up to her name by Miss Linda Carver, taking the part of a prim old maid with sentimental tendencies.

The stage settings were very effective and were the work of Dimwiddie, James, Lawler, Bales and Stonnell who deserve much credit.

The play was produced under the able management of Miss Eddie Dickert, of the high school faculty, assisted by Miss Corinne Reardon, also of the faculty and Mrs. G. N. Rosser, of Washington, D. C.

The musical part of the program was well taken care of by Miss Margaret West, Miss Virginia Schwab Fred Petitt, Alvin Friedlander, and Elmer Davis, who contributed much to the enjoyment of the audience.

The performance will be repeated tonight at 8 o'clock in the High School Auditorium.

DISTILLERY PURCHASED

National Fruit Products Co., This City, Acquires Hannisville Plant.

Martinsburg, W. Va., April 11.—The huge structures of the Hannisville Distilling Company, near here, have been purchased by the National Fruit Products Company, of Alexandria and Winchester, Va., for $50,000. The plant will be converted into one of the biggest fruit products manufacturing plants in the country, the company announced.

This company's plant in this city is located on the west side of Henry street between Pendelton and Wythe streets.

AMERICAN MURDERED

State Department to Investigate Murder of U. S. Citizen by Mexicans.

Washington, April 11.—Edward E. Morgan, an American citizen, was murdered at Chivela, 47 miles from Salina Cruz, Mexico, on the night of April 8, according to advices to the State Department yesterday.

The State Department has ordered an investigation of the crime, as dispatches thus far received, it was said, failed to reveal whether a rebel band was responsible. Morgan was manager of the Chivela estate of 125,000 acres on the Thehuantepec Railroad, owned by George G. Wright, of Kansas City, Mo.

Morgan, the dispatches received by the Department stated, was accompanied by Manuel Ruiz, a Spaniard, who also was murdered. The two men were said by the dispatches to have been captured, searched and robbed before being shot to death. Both bodies were said to have shown marks of other violence.

Laredo, Texas, April 11.—Governor Andres Ozuna and his brother, Gregorio Ozuna, military commander of Tamalupis, were kidnapped from the train on which they were returning from a conference of governors and are held for ransom, according to a telegram received by the Mexican authorities yesterday and made public yesterday. The telegram was signed by Marcelo Caravo. Luis Caballero and Euelio Gutierrez.

According to the telegram, the officials were taken from the train at Carrizos, between Linares and Victoria. The train was stopped by dynamiting a portion of the track. The officials left Nuevo Laredo Tuesday afternoon for Monterey en route to Victoria. They had been here attending a conference with Governor William P. Hobby, of Texas; Governors Zambrano, of Coahuila and Mireless of Nuevo Leon.

The Mexican commander at Nuevo Laredo declared that the Ozunas were safe and said that the train had been attacked and several persons killed but that no demand had been made for ransoms.

STORM KILLS 92.

And 300 Injured in Three Southwestern States

Dallas, Texas, April 11.—Ninety-two persons killed, approximately 300 injured and property damage estimated at nearly $1,000,000, was the toll of Tuesday night's storm that swept a portion of Arkansas, North Texas and Southern Oklahoma, according to revised and virtually complete reports here. Of the dead 75 persons were killed in Texas, 14 in Oklahoma and 3 in Arkansas. Previous reports that eight lives were lost at Havenna, Texas, proved unfounded.

In response to appeals for aid from the stricken section of North Texas, where about 1,000 persons are reported homeless, tents and food supplies are being sent from many points in the State. Hundreds of farm houses were blown away and farming machinery destroyed while growing crops of all kinds were reported seriously damaged, and in some instances destroyed.

Hundreds of carcasses of hogs, cows and mules are scattered over the devastated area, and fallen trees and telephone poles block the country roads. Relief parties, however, are rapidly clearing away the debris.

TANNERY BURNED

Luray, Va., April 11.—Fire caused by lightning at the Deford tannery Wednesday night resulted in a loss from $75,000 to $150,000. The bolt entered the building on top of the Leech house, in which all the engines, boilers and bark mills of the plant were located, gutting this structure and igniting other buildings close by. The Norfolk and Western Railway suffered considerable loss by the burning of cars on side tracks.

Remember the occasion, place and hour. City Government meeting. Alexandria Opera House. Promptly at eight p. m. tonight. Seats in gallery reserved for ladies. Band concert from seven-thirty to eight o'clock.

STAGE SET FOR MASS MEETING

Change of Plan of City Government Will be Discussed

GALLERY FOR LADIES

Address by Leroy Hodges and H. H. Rumble—Band Concert at 7.30 O'clock.

The stage is set for the mass meeting to be held tonight at the Alexandria Opera House on matter of proposed change in city government.

Promptly at 8 o'clock the temporary chairman, James R. Caton, will call the meeting to order. The speakers already announced in these columns arrived in the city this afternoon, and it is confidently expected by those who are planning this rally that an enthusiastic welcome awaits them.

It is apparent from the discussions that have been heard on street corners and other gatherings where men have met socially, that a keen interest has been awakened in this campaign of education.

Alexandria realizing the importance of our growing prosperity and determined to safeguard our commercial future, are entering into this campaign with the purpose of putting our city affairs and administration on a business basis.

What other cities have tried and found successful, Alexandria if convinced that the same business principles could be applied to Alexandria to her betterment, stand ready to adopt the new plan.

The meeting will be addressed by experts in civic affairs, and will be the testimony of men who have seen the result of a genuine method of city government.

It is expected that a large and interested crowd will be present, and it is urged that the citizens will be in the seats, so that the meeting can begin on time.

At 7:30 o'clock a band concert will be given, to which the public is invited to attend.

The committee in charge of the meeting has arranged to reserve seats in the gallery for any ladies attending the meeting.

As heretofore stated the speakers will be Leroy Hodges, secretary to Governor Westmoreland Davis, and H. H. Rumble, Norfolk, Va.

ACCUSED OF $29,500 THEFT

Two Officials of Dawson Brothers Co. Indicted at Lynchburg.

Lynchburg, Va., April 11—The grand jury here, which has been since Monday investigating the failure of Dawson Bros. Manufacturing Company has returned indictments against L. Jacob Dawson, president and Derwood Dawson, secretary, charging them with the larceny of $29,500 of the effects of the company. The defendants, whose present whereabouts here are unknown, reside in Atlanta. The affairs of the concern are now involved in involuntary bankruptcy.

The company is engaged in the manufacturing of preserves and pickles here, the same syndicate operating similar plants in Atlanta, Dallas and Memphis.

END STRIKE

Norfolk, Va., April 11.—All the railroad freight handlers in the International Longshoremen's Association went back to work yesterday, pending an adjustment of their grievances by the railroad administration. The men claimed the scale fixed by the government was not fair, as some were getting 65 cents an hour, whereas others were getting only 40 and 45. Examiner I. E. Russell, of the wage and labor board, stated that the railroad administration could not act until the shipping board had passed upon the scale for stevedores.

Remember, the occasion, place and hour. City Government meeting. Alexandria Opera House. Promptly at eight p. m. tonight. Seats in gallery reserved for ladies. Band concert from seven-thirty to eight o'clock.

JAMES N. STUBBS DIES

Major in Confederate Army and Prominent Figure in Virginia For Half Century

Major James N. Stubbs, a leading figure in the political, legal and Confederate life of the State for a period of more than fifty years, died last night at 7:30 o'clock at his residence at Church Hill, Gloucester county, following an illness of about two weeks.

After his surrender at Galveston, Texas, as a major on the staff of General McGruder, Major Stubbs began in Virginia a legislative career unique in the history of the State for length of service. He came to the house of delegates in 1869, shortly after his graduation in law at the University of Virginia, and, except for four sessions, served continuously from that time in one branch or the other of the General Assembly until his death.

One of the last services Major Stubbs rendered was in connection with the erection in the hall of the House of Delegates of a mural tablet to the memory of the many distinguished Virginians who perished in the State Capitol disaster of the early seventies. He himself was one of the victims of the debacle, having been severely wounded when he was buried under the debris.

U. S. TROOPS MUTINY

Demand That They Be Brought Home From Russia.

Washington, April 11.—The first mutiny of United States troops during the European war was confirmed last night by advices to the War Department from Archangel .Russia, although only a paraphase of the cablegram was made public.

What has alarmed officials more than any other incident of the mutiny is that the mutineers indicate to the government that if the American troops in Russia are not brought home at the "earliest possible date," the refusal to obey the officers will be general.

BANDITS STEAL $45,000

Eight Men Hold Up St. Louis Institution—Escape With Loot

St. Louis, April 11.—Eight masked bandits held up the Baden bank of St. Louis yesterday and obtained over $45,000.

Officials of the bank said the amount probably will not aggregate the $100,000 loss first announced. All available money and securities were placed in a large sack. The bandits worked less than five minutes, officials said. The engine of a waiting automobile was kept running.

Two hundred policemen armed with riot guns pursued the bandits in thirty police automobiles. The highwaymen headed west toward Kansas City.

The hold-up men lined five employes of the bank against the wall, Three men guarded the employes while two others looted the bank. Three others acted as lookouts in the automobile.

Bank officials fired a volley of shots as the robbers took flight. A patrolman engaged the men in a running revolver battle until he was outdistanced.

CASE OF THE EX-KAISER

The ex-Kaiser, if we are to believe the statements that come through what Mr. George calls the conference "Keyhole" at Paris, is to be put on trial to determine his responsibility for bringing on the war. There was, it seems, a division of opinion in the conference on the legal right to bring him to trial before an international tribunal. The American view, it is reported, "favored a moral indictment, without recourse to prosecution, owing to the lack of international law as a basis" for action. But a compromise was finally agreed upon by which Belgium will assume the role of the prosecutor "of the former Emperor and others responsible for the breach of treaties, the invasion of territory" and other acts "leading to a more general spread of the war."

"The moral indictment" of Prussianism and all its works and workers has as observes the Baltimore Sun, "long since been framed and accepted by the world. Something more is demanded, if that indictment is not to be virtually abandoned. The Paris Conference is constructing a new international code and is creating new principles and precedents. Not the least important is that of official responsibility. That principle was asserted in the case of Napoleon. Why should it be abandoned in the case of a far worse international criminal? It may be that the purposes of justice will be substantially subserved by leaving to Belgium the trial of the former ruler of Germany. But his crimes were crimes against every civilized nation and every principle of civilization, and logically he should answer for them before the bar of mankind."

Remember the occasion, place and hour. City Government meeting. Alexandria Opera House. Promptly at eight p. m. tonight. Seats in gallery reserved for ladies. Band concert from seven-thirty to eight o'clock.

OPPOSES FLOWERS

The Great Teacher upbraided the generation in which he lived by referring to the fact that they garnished the sepulchres of the prophets who were stoned by their ancestors.

In our day huge stacks of flowers are the usual adjuncts to funerals, although some survivors of deceased relatives in funeral notices request that flowers be omitted. The great majority, however, still adhere to the custom, floral offerings at funerals being regarded as important features.

We prefer to let every one follow his or her inclination in such matters, as funerals are, and should, be according to the private convictions of those left behind and whose predelictions should not be subjects for criticism.

A correspondent of a Baltimore paper, however, ventilates himself upon the almost universal custom of piling flowers upon the caskets of the dead. Among other things he says:

"Coming down town a few days ago through one of the city's main thoroughfares my attention became attracted to a casket in a hearse of a passing funeral and in the casket the body of a dead person resting, and the casket in which the corpse rested enveloped in a profusion of rich and elegant flowers and following in the train of the funeral cortege and connected with it a coach literally full of flowers; whereupon I fell into a musing state of mind and began wondering the why and wherefor of so much ostentatious and lavish display of such insentient things as flowers on such an inanimate and unfeeling thing as a coupse.

"There resting in that casket in the hearse was the inanimate body of a once living human soul and in the brazier of the heart of whom burned while voyaging through the tempestuous seas of life in its frail nautilus the fire of an inextinguishable love for some dearly beloved one and yet who, in all probability, while living, had never tasted of the sweetness of sympathy, love and gratitude—the sweetest and best of all flowers. But now that the soul had vacated its frail tenement of clay homage was being done it, an inanimate and totally insensible and defunct body by wreathing it in flowers; things that are out evanescent and insentient.

"How illogical, incongruous and paradoxical a thing human nature is! Giving where appreciation cannot be returned and holding back where appreciation could and would be returned most generously."

PRESIDENT WILL USE RADIO PHONE

Schenectady, N. Y., April 11.—When the giant liner George Washington clears from Brest for the United States with President Wilson aboard it will have installed in its wireless room a telephone transmitter which will permit the President to hold wireless conversation with the huge radio station of the General Electric Company at New Brunswick, N. J., and possibly with Washington direct.

This epoch-making happening will be made possible by the General Eledtric Company, whose engineer, Dr. Ernest Alexanderson, perfected the long range wireless telephone over which hundreds of one-way messages already have been talked to the President while he has been one way only. Later experimental working on the world peace terms in France. To date the service has been work has perfected the answering facilities and next week John H. Payne, Jr., of Ballston, a radio expert of the company's laboratory here, will sail for Brest for the General Electric Company to direct the installation of the wireless telephone transmitting apparatus on the George Washington so that President Wilson may keep in constant personal communication with his Cabinet while on the homeward trip.

JAPS HOLD MISSIONARY

The Rev. E. M. Mowry Accused of Aiding Korean Independence Propaganda.

Washington, April 11.—The State Department has been advised of the arrest of the Rev. Eli Miller Mowry, a Presbyterian missionary at Pyeng Yang, Korea, on a charge preferred by the Japanese authorities that he was aiding and abetting the Korean independence propagandists.

New York, April 11.—News of the arrest of the Rev. Eli Miller Mowry by the Japanese authorities at Pyeng Yang, Korea, came as a surprise to the Presbyterian Board of Foreign Missions here today.

Dr. Arthur J. Brown, secretary of the board for Korea, said the Reverend and Mrs. Mowry went to the Orient as missionaries in 1909. They have two children. Mr. Mowry's home is in Mansfield, Ohio. He is a graduate of the University of Wooster.

The Board of Foreign Missions, Dr. Brown said, was without information as to details of the case, which he added, was the first of the kind that had come to its attention.

Seoul, April 4.—Leo A. Bergholz, of the American Consulate here, has made inquiry of the Korean government-general relative to the appearance on the streets of Japanese civilians armed with heavy clubs, suggesting that such practice might be dangerous to the lives of foreigners. He declared that if the armed civilians were attached to the police force, they should be so designated and that if they were not, the practice should be abandoned, and expressed the fear that if such action were not taken foreigners might adopt measures for self protection, which might bring about an undesirable situation.

In its reply the government-general admitted that the Japanese were armed, but said they had done so to protect themselves against the Koreans. It said the civilians were not attached to the police force, but gave assurance that the government-general would do its best to prevent abuse of the practice.

NEW BLOW AT LIBERTY

Washington Banqueters Set a Fifty-Word Limit and Gun is Method of Enforcement

Washington, April 11.—Another blow at "personal liberty" has been struck. This time it is directed against oratory, which, as every one knows, is the king of indoor sports at the national capital.

No longer will the banquet speaker arise and be permitted to drop stitch with Mr. Webster's noted book of words in a sustained forensic effort that would out distance any senatorial clique and outlast vaudeville's famous "continuous" performances.

General T Coleman du Pont began it. At the dinner Tuesday night of the Rocky Mountain Club, over which he presided, he replaced the time honored gavel with a .44. It was just casually remarked, en passant as it were, that any one making "a long winded speech would be shot up or down," as the case warranted. It was commented on afterwards that every speaker, without exception, adhered to the theme that brevity was to the soul of wit.

But while the Rocky Mountain Club members established the precedent of quality and not quantity, it remained for the Washington Florists' Club to set the exact line of demarkation. At their banquet Wednesday night they set the limit of speeches at the maximum of one of Mr. Burleson's night messages of fifty words.

PREDICTS NEW PARTY

Labor Man Says Organization Will Replace Radical Exponents.

Springfield, Ill., April 11.—Wrecking of the American Socialist party by a national labor organization in the near future, was predicted yesterday by Charles Dood, Chicago labor leader, in a speech at the opening of the convention called to form a state labor party.

The new party will become one of the countrys greatest political organizations, drawing its membership not only from trade unions, but from every class of workers, Dood said.

"Then the only use for the present Socialist party will be a dueling ground for radicals," he declared.

Following the organization of a state party a committee will be appointed to call a national convention where a nation wide organization will be perfected, Dood said.

GERMANY AND BOLSHEVISM

Peace Delays Have Brought Nation to Point of Soviet Rule

Berlin, April 11.—Either we hurry and make peace wth Germany, or else we will face a Soviet Germany, which will not make any peace.

Already signs of Bolshevism are making themselves felt in Prussia. A former German Ambassador to one of the allied nations said yesterday.

"I am frankly pessimistic. An early peace might have favored the situation, but now I fear it is too late."

The allies held the trump cards. We could have won the peace as we won the war, and could have done what we liked with Germany, but we shirked our responsibilities.

The Germans have only one weapon, Bolshevism. If we delay a few weeks longer then the German government will throw in its hand and say to the allies: "Do what you like."

The whole thinking class in Germany would be glad if British and American troops occupied Germany, permitting those who wished to work to do so.

Finally, remember that the allies are dealing with a desperate nation—a nation hungry for peace—hungry for bread.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

RUSSIA WET AGAIN

London, April 11.—Several Russian Soviets have defied the Moscow Soviet government and are permitting the making of vodka, according to a dispatch to the Daily Express.

STREET FIGHTING

Many Persons are Killed in Germany Bavarian Socialists Would Starve Munich Communists

Street fighting has broken out in Magdeburg, Duesseldorf and Essen, where the Government has proclaimed a state of siege. Many persons have been killed.

The deposed Bavarian Socialist Government has retired from Nuremberg to Bamberg, it is learned. Under direction of Premier Hoffmann, loyal troops and peasants are being organized to establish a food blockade against Munich and other cities which have embraced communism with the idea of starving the Soviet Government into submission. Civil war in Bavaria, it was believed, depends on the Socialists' ability to gather quickly a formidable force of trained soldiers.

Indications multiply that the National Soviet Congress, in session here, would confine its efforts to peaceful demands of the Scheidemann government for certain reforms.

FALL KILLS LIEUTENANT

Sergt. J. S. Richardson Injured in Langley Field Accident.

Hampton, Va., April 11.—Lieut. John E. Neely, of Seattle, Wash., 24 years old, was instantly killed and Sergt. J. S. Richardson, of Gulfport, Miss., seriously injured yesterday at Langley field, when an airplane Neely was driving fell about 250 feet. Richardson, still unconscious, is in the post hospital.

Witnesses said Neely attempted a nose dive when too close to the ground.

A Grocery Store That Serves You

Not one that just sells groceries

But one that does everything possible to make your grocery buying easy, pleasant and economical.

And one which furnishes you with the best of everything for your table at honest prices.

That's the kind of a store we try to run. And our success proves we are on the right track. Not a day goes by but what customers tell us how they depend on us and appreciate our service.

We understand the grocery business and we know good groceries. And we don't keep our knowledge to ourselves.

We tell our customers about the various things we buy to fill their needs.

For instance, there's RYZON Baking Powder. We know this baking powder is ideal for home baking from every standpoint. It is pure and clean. It can always be depended on to give perfect results. It is economical because of its high leavening power and its reasonable price, 40 cents per pound.

U. S. AMMUNITION SENT TO MEXICO

Nuevo Laredo, Mexico, April 11.—Two cars of ammunition comprising 2,000,000 rounds of 7-millimeter rifle cartridges consigned by United States manufacturers to the Carranza government passed through here yesterday en route to Monterey, after being held on the border several days pending permit for entrance into Mexico by the United States customs officials.

The shipment is said to be the first into Mexico since the recent announcement that arrangements for supplying the Carranza government with ammunition had been completed.

EX-KAISER LESS ENERGETIC

Amerongen, Holland, April 11.—Former Emperor William is continuing in excellent health, but the ardor for wood sawing which he displayed for so long has apparently cooled, as he is working much less than formerly.

The ex-Emperor is said to have bought a large and extensive estate known as "Klein England." The municipal council of Amerongen is reported to have decided to tax him on an income of 80,000,000 marks

Remember the occasion, place and hour. City Government meeting. Alexandria Opera House. Promptly at eight p. m. tonight. Seats in gallery reserved for ladies. Band concert from seven-thirty to eight o'clock.

DENIES U. S. CHINESE TREATY.

The State Department denies there is a secret treaty existing between the United States and China, as reported in the Japanese press. Japanese newspapers demanded that the alleged secret pact be published if secret treaties between Japan and China were published.

The alleged treaty would give the United States the right to build warships on the Chinese coast. the records with the State Department merely show that an agreement was made years ago by which Americans were permitted to build vessels for Chinese trade at Chinese dockyards.

This agreement lapsed long ago and was in no way secret.

DEVOE *The Guaranteed Marble Floor Finish*

We guarantee it to be the best floor varnish made. It preserves the natural beauty of wood floors. Marble Floor Finish resists constant wear. Two coats will last three years on a bath-room floor, four years on the floor of a bedroom or parlor. To clean it you need to use only a little Devoe Polish according to simple directions. We recommend Marble Floor Finish because in clear, dry weather it will dry over night.

DON'T TEAR UP THAT OLD ROOF SAVE IT— TREAT IT WITH

STORMKING LIQUID

IT'S PUTTING MONEY IN THE BANK

A "Rejuvenator" For Old and Worn Roofs of any Description

What is the actual cost of your roof?—Not what you paid to have it laid, but, what it costs to maintain during the life of the building. Painting and repairs are a continuous expense, and at best give but temporary service. No matter how many coats of paint you put on your roof ,you will not obtain the results you will secure with one coat of **Stormking-Liquid**, which will renew the worst weather-beaten surface, increase it's life at a surprisingly small cost, eliminating all maintenance expense, painting and repairs.

Stormking-Liquid, has supplanted paint for protective purposes, because it gives greater durability, absolute and economical results. A surface treated with **Stormking-Liquid** is protected and will remain water tight indefinitely. It is easily applied by anyone with an ordinary three-knot roof paint brush. With one application you secure a one-piece continuous covering, without laps, seams, joints or nail holes, that is equal to at least one dozen coats of the heaviest roof paint.

The phenomenal success of **Stormking-Liquid** is attributed to the careful selection of weather and moisture resisting ingredients, which scientifically combined, produce a tenacious and indestructible coating, that is not affected by atmospherical changes, acids, rust, decay or corrosion. It is quickly applied at insignificant cost, over old and worn surfaces of any description, giving instant and permanent results.

GRAND THEATRE

Franklyn Farnum will be seen as an embryonic journalist in his newest Bluebird production made under the direction of Douglas Gerrard and released at the Grand Theatre tomorrow under the title of "The Empty Cab," F. McGraw Willis wrote the story and scenario.

"The Empty Cab," concerns a young society man with a rich father, who when remittances fall short, breaks into the newspaper game on his dad's paper. His first assignment is the expose of a gang of notorious counterfeiters, and the adventures he has while gathering data concerning their nefarious activities makes a rattling good story with mile a minute action.

Also Tom Mix in a big Western drama. Come early and be sure to get a good seat.

INGOMAR—Charlie Chaplin.

The attraction at the Ingomar Theatre tonight will be the greatest of all funmakers, Charlie Chaplin, in "The Champion." Gloria Joy, the wonderful child actress, will be the extra attraction in "No Children Wanted."

Remember the occasion, place and hour. City Government meeting. Alexandria Opera House. Promptly at eight p. m. tonight. Seats in gallery reserved for ladies. Band concert from seven-thirty to eight o'clock.

RICHMOND—Dorothy Gish

She was just itching to get into jail and wear stripes "and everything."

So she "heaved" a brick through the nearest jewelry store window and the "cops" obliged her by giving her three years.

Thats where the fun starts and her sweethearts come in—in jail. There's a story that will warm the cockles of your heart; pathos that will tickle your throat and fun—! Why! You'll chuckle for a week after you see Dorothy Gish in "Peppy Polly" at the Richmond tonight.

This picture was to have been shown last Monday, but was not received in time.

TO MAKE DEBS SERVE TERM

Supreme Court Issues Mandate Affirming Conviction.

Washington, April 11.—Steps toward enforcing the 10 years imprisonment term imposed upon Eugene V Debs, Socialist leader, for violating the Espionage act, were taken yesterday by the Government. Upon the request of Solicitor-General King the Supreme Court, which on March 10 affirmed Deb's conviction, issued its mandate in the case and it will be sent at once to the Federal District Attorney for the Northern district of Ohio.
